- Hilti
- Berendsen Fluid Power
- US Dept of Housing and Urban Development

Presentation from Rick Darnaby:

A global business leader with an extensive background leading some of the top high technology businesses in the world. Discussed the number one issue facing industry in the next decade. Rick spent much of his executive career generating and leading innovative approaches. He shard his insights, thoughts and keys to success on this provocative subject.

Campus Recruiting

7 Companies came to recruit Business Students

Tulsa Metro Fair

Over 60 employers attended this event at TU

Business Student Organizations

More than 10 employers attended monthly student group meetings in the Collins College of Business

HOT TOPIC:

Networking!

75% of people get a job through networking

According to CareerXRoad's 8th Annual Sources of Hire Survey (Feb 2009), **referrals made up 27.3% of all external new hires** (folks brought in from outside an organization). Employee referrals were the major portion of these, but alumni referrals are growing.

2008-2009 Internship Data:

Over 95 students had internships Fall 2008, Spring 2009 and Summer 2009!

Salary ranges for internships were $9.45—$37.38 an hour.

FACT: Employers will be making full time offers to 75-80% of their interns this year!

Class of 2009 Statistics:

Currently, 48% of undergraduate students who graduated this year are employed and 66% of graduate students are employed.

Note: 28% of undergraduate students are furthering education and 5% of graduate students.

Site Visits to Bank of Oklahoma and Williams

Over 15 undergraduate and graduate students went with the Business Career Development Office to visit with recruiters from the Bank of Oklahoma and Williams companies. Students were taken on a tour of both facilities, along with a presentation followed by networking. Take advantage of these opportunities!
