STUDY ABROAD/VISITING STUDENT ACKNOWLEDGEMENT STATEMENT

Students who are attending a Study Abroad program or visiting another school will have federal financial aid processed for that one semester only. Study Abroad loans are made in two equal disbursements. The first disbursement will credit the student's account in the Business Office no earlier than 10 days prior to the program start date; the second disbursement will credit the student's account, in the Business Office, midpoint of the program.

The next semester's federal financial aid will not be released until the grades from the other school are received and posted to the student's transcript by The University of Tulsa. This is an effort to remain in compliance with regulations associated with federal aid. The University of Tulsa will review your satisfactory academic progress every semester, thus explaining why grades are to be posted before we release your future aid.

Your signature below indicates your full understanding of the above policies and how your federal financial aid and potential refund will be affected for the current and next semester.
