First and Second Year Housing & Dining Requirement

Retention research shows that living on campus can greatly enhance a student's educational experience and success. Thus, all first year student are required to live in University Residence Halls and second year students are required to live on campus and both must participate in a University-provided meal plan unless they are formally exempted to reside in the primary residence of their parent(s) or legal guardian(s) in which the parent(s) or legal guardian(s) reside full time and which is within a 20-mile radius of the campus. Students fulfill the requirement after spending two years living and dining on campus (post high school). Academic credit hours and/or class status do not exempt one from the policy. This policy applies to traditional first and second year students and international students. It also applies to transfer students who have not completed two years at another university (post high school). (Completing two (2) years of residency/dining post high school, not via earned credit hours fulfills the requirement.) Married students and students 21 years of age and older prior to the start of the license period are exempt. All first or second year students under 21 years of age desiring to live at home with parents/legal guardians, should obtain and complete a Housing Residency Exemption Form. This form should be signed by parents and notarized prior to submission. The exemption form can be located on the Housing Website: www.utulsa.edu/housing.
