Welcome Back!

We hope you enjoyed a nice, long, relaxing break! Before you know it spring break will be here and summer will be a hop, skip, and jump away. We hope you have a wonderful 2010 and look forward to working with you during the year. The advising staff is available Monday thru Friday from 8am-5pm. Students: Please check your email daily! This is our "official" way to keep in contact and many times we need to contact you about issues concerning classes or enrollment. Good luck in all your courses this semester! Happy New Year!

Frequently Asked Questions

We have a page on our website that lists questions we are most often asked by undergraduate students. You may want to check it out and see if you have any unanswered questions! For example:

How often should I see my advisor?

Freshmen and Sophomores are advised by academic advisors and will meet with them during the second month of each semester. Advisors will evaluate their situation at that time and provide information on campus resources (tutors, labs, academic support, etc.) if needed. Once you achieve Junior standing, you should contact your faculty advisor at least once a semester for enrollment recommendations.

You are encouraged to take the initiative in seeking assistance from both academic and faculty advisors anytime you have questions or concerns. Advisors are available throughout the semester to discuss student issues.
